

# Eyes on You

Amelia Charles | Fraser Campbell

Key - E

## VERSE 1

**E** **A**  
Woke up again today To a world that's chasing me  
**C** **A**  
But these struggles, cares and fear got nothing on You  
**E** **A**  
You drive away the grey Bring colors of every shade  
**C** **A**  
You bring focus to the blurriest of days

## CHORUS

**E** **A**  
I've got my eyes set on You  
**C#m** **A**  
So come what may, You still got my praise  
**E** **A**  
Storms may come and blow my way  
**C#m** **A**  
But I got You, So I'll dance in the rain

## VERSE 2

**E** **A**  
You open up my eyes To a world that's far more wide  
**C** **A**  
Where walls are meant to fall And my hope's set on You  
**E** **A**  
The best is yet to come This journey is far from done  
**C** **A**  
In this life and the next I'll be dancing next to You

**BRIDGE**

It's true, it's all for you Cause You love me through and through

My heart, my soul, my ways, my goals They are all set on You
